

- VOC-Free* Pressroom Cleaner Concentrate GREEN 220 400 Zi -

- with corrosion inhibitor -

Our new product for all cleaning purposes in sheet fed, web offset heatset, coldset, rotogravure and flexo printing as well as for all coating applications and hybrid technique

Characteristics:

The product is delivered as concentrate and can be diluted with water before use to the desired application concentration. Dilution is possible with up to 3 parts of water. The concentrate - and consequently also the dilution - do not contain any VOCs and remove easily oily and fatty deposits from all kinds of surfaces. The product also removes caked on glue residues and finger prints etc.

In the graphics industry the concentrate can be used for all cleaning purposes, provided that it is diluted properly. This is valid for sheet fed, web offset heatset, coldset, rotogravure and flexo printing as well as for all coating applications (dispersion and UV coating) and hybrid technique. In concentrated form, this cleaner is very well able to remove caked on glue residues from rubber cylinders, gluing machines for folding boxes etc.

VOC-Free* Pressroom Cleaner Concentrate GREEN 220 400 Zi contains no fluorine chlorinated hydrocarbons (FCHC) nor chlorinated hydrocarbons (CHC) nor aromatic or aliphatic hydrocarbon mixtures nor APEO containing emulsifiers. This product is absolutely ecologically harmless, does not contain any VOCs nor raw materials subject to the "Lenkungsabgabe" (Swiss control fee).

Application:

VOC-Free* Pressroom Cleaner Concentrate GREEN 220 400 Zi can be delivered with screw-on pump spray. We recommend using the cleaner together with **EASY-SCRUBBER**. That way you can reduce the cleaner consumption and raise the economic efficiency. For further information regarding **EASY-SCRUBBER** please see www.easylac.de.

Another important fact is that **VOC-Free* Pressroom Cleaner Concentrate GREEN 220 400 Zi** can be used offline with the especially developed automatic cleaning system with integrated filtration unit type **EASY-CLEANER C 202** (please see pictures of test cleaning "BEFORE - AFTER"). Cleaner waste can be recycled with the filtration system **EASY-CLEANER** which is not possible with oil-based cleaning agents. For additional information about **EASY-CLEANER** please see www.easylac.de.

Safety Indications:

VOC-Free* Pressroom Cleaner Concentrate GREEN 220 400 Zi is not combustible. We recommend using protective gloves based on PVC or nitrile rubber. In addition, we recommend to use **Special Hand Protection Foam EASY-HAND®** (see www.vegra.de under "Products" - "Others").

Packing:

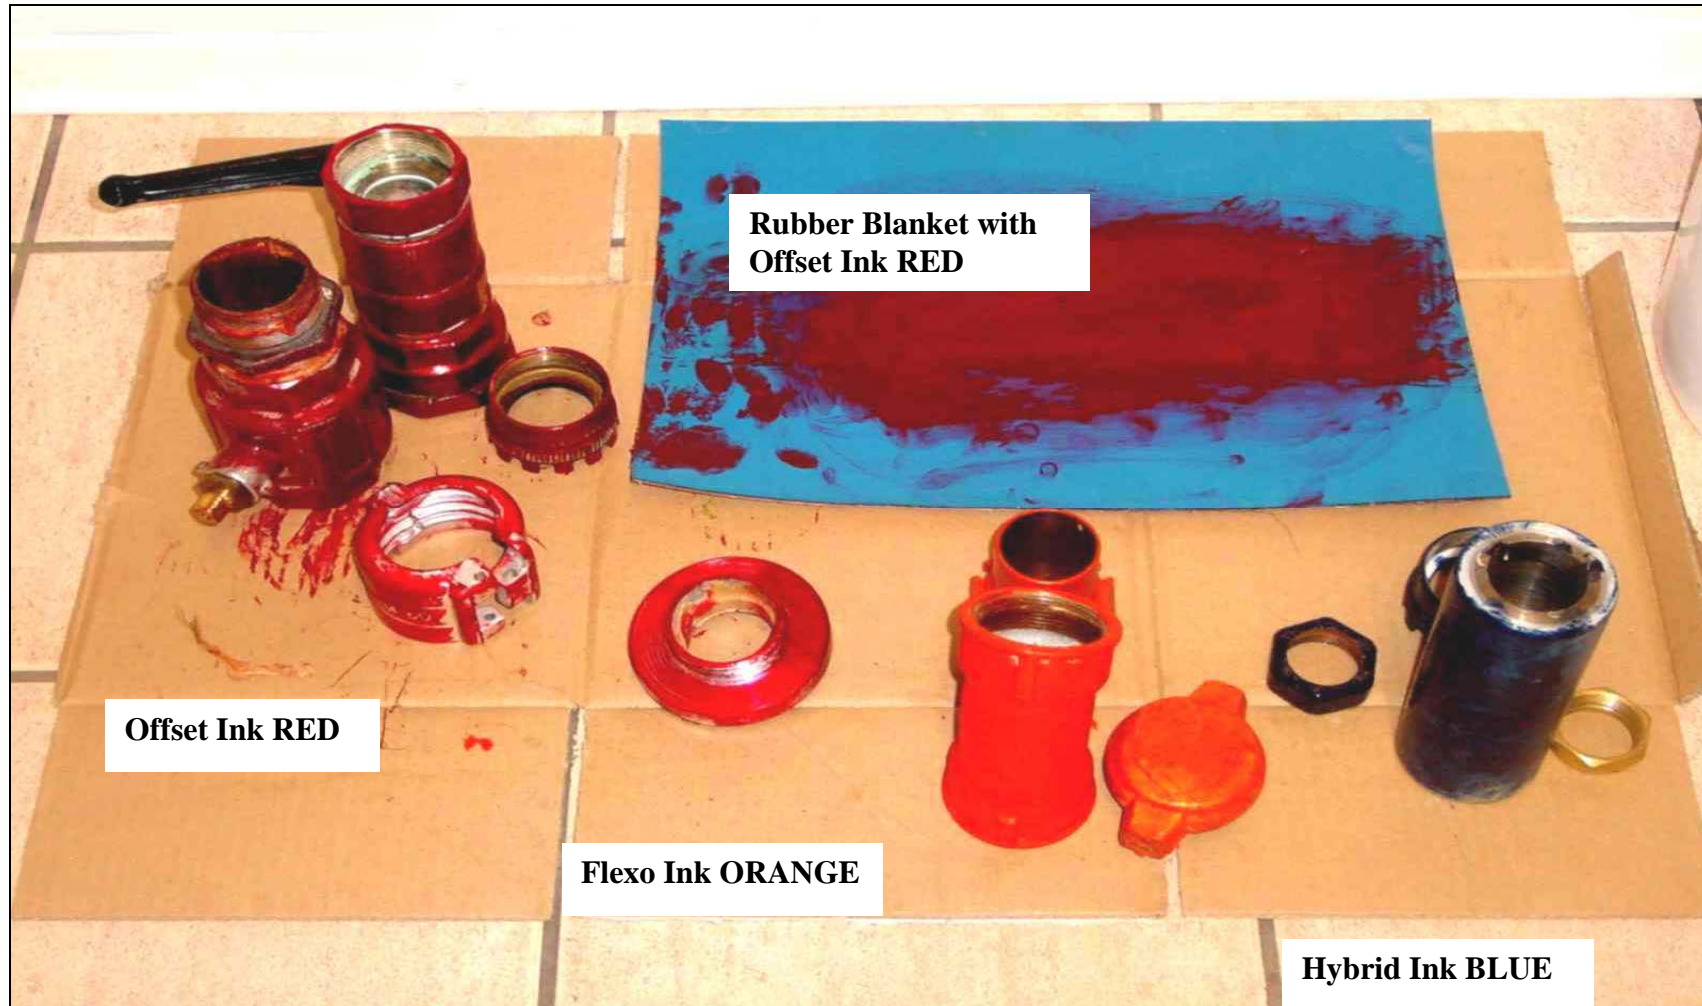

Carton with 12 bottles of 1 kg, Cans of 25 kg, Drums of 220 kg, Container of 1000 kg

*) VOC=volatile organic compound

The specifications given in this brochure are based on laboratory tests and practical experience. All specifications are to the best of our knowledge and reflect the latest state of the art, however, this does not imply any liability.
